DETAILED ACTION

Response to Amendment

Drawings

1. The drawings were received on 31 October 2005. These drawings are not acceptable. The newly submitted drawings do not correspond to the drawings originally filed. For example, the original drawings included Figs. 1-7(e) while the new drawings include Figs. 1-6(e). Also, for example, original drawing Fig. 1 depicts a schematic of a method of manufacturing the filter frame while new Fig. 1 depicts the filter frame. It appears as though Applicants inadvertently submitted an incorrect set of drawings.

Response to Arguments

2. Applicant's arguments filed 31 October 2005 regarding the 35 USC 112, second paragraph rejection of claim 1 have been fully considered but they are not persuasive. Specifically, Applicants have not clarified the language concerning the fourth flap.

Claim Rejections - 35 USC § 112

3. The following is a quotation of the second paragraph of 35 U.S.C. 112:

Art Unit: 1724

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

4. Claim 1 is again rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claim 1 recites adhering the fourth flap to the fifth flap and the sixth flap to the seventh flap to form an outer box and forming the outer first side and outer second side in lines 25-26. However, claim 1 previously recites the fourth flap being part of the inner frame bottom side in lines 11-18. Specifically, it is not clear how the fourth flap can be a part of both the inner frame and the outer frame. It appears as though lines 25-26 should recite the fifth thru eighth flaps instead of the fourth thru seventh flaps since the fourth flap is already recited as forming part of the inner frame.

Allowable Subject Matter

5. As previously noted, claim 1 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.

Conclusion

6. THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the mailing date of this final action.
